

# Meta Leadership One-Page Cheat Sheet

**Developing Others:** Intel Tiber Cloud conflict turnaround. Built trust, delegated ownership, weekly syncs → Delivered new HPC infra, saved \$5 million.

**Driving Success:** Blocked crypto mining attacks on Tiber Cloud. Designed two-partition system → zero downtime, protected millions in sales.

**Partnering:** Argonne Supercomputer transition. Pitched integration plan with HPE → Delivered on time, avoided penalties, improved morale.

**Prioritizing:** Refocused HPC project on customer-validated needs → Delivered before renewal, strong exec trust.

**Production Ownership:** Managed Intel HPC clusters. Implemented canary, rollback, monitoring → 99.98% uptime, 40% faster recovery.

Use this sheet as a quick recall of impact stories mapped to Meta's five focus areas. Emphasize results, ownership, and reflection.
